Subject: Solid Waste - Dallas County
City of Garland - Permit No. 1062-A
Adjacent to and on N side of Castle Drive, between Miles and Rowlett
Roads, 2.75 miles NE of intersection of FM-66 and M&T Railroad

Dear Mayor Hallabaugh:

On June 16, 1992, Mr. Boyd M. Cole, P.E., of this district office, inspected the subject Type I municipal solid waste disposal site. During this inspection, our field investigator was accompanied by Mr. Harvey Stuart, Assistant Director of Sanitation Services.

The inspection report revealed that the site was being operated in violation of the Texas Water Commission's "Municipal Solid Waste Management Regulations" (MSWMR). The rules violated and the corrective actions required are as indicated:

31 TAC §330.150(b)(1)(A): "Where daily cover is required, all solid waste deposited each date shall be provided with intermediate cover at the end of the working day."

The required corrective work must be completed by August 17, 1992.

Should you have any questions concerning this letter or if we may be of any assistance to you regarding municipal solid waste management, you may contact Mr. Cole at this District 4 office at 214/298-6171.

Sincerely,

Boyd M. Cole

Don C. Eubank
